Faculty of Architecture  
Sydney University**

These drawing classes will take the participants on a journey of discovery which will focus on awakening the creative spirit, opening your eyes and refreshing and recharging your drawing talents. Whether you drew before or not these classes are open to all and the results will pleasantly surprise you. Sensory awareness and dynamic drawing exercises are guaranteed to awaken our ability to see and draw and to develop your talent further. Quick sketches, big format slow drawings, gesture studies in charcoal and ink. We will focus on what is around us and draw the inspiration from human figure and from Sydney landscape.

**Rena Czaplinska** is a practicing architect who teaches design and drawing at the Architecture Faculty of Sydney University and conducts popular weekend workshops. Her teaching method called Embodying Vision integrates sketching mindfulness and movement.
